NOT YET ANSWERED.

Spanish Reply to the United States Not Made Public.

ITS CONTENTS CAN BE GUessed AT

State Department Officials Will Have Some Pertinent Facts to Present in a Way of Reply—International Law Has Not Been Violated—Cost of Keeping Up the Florida Patrol Service.

WASHINGTON, Oct. 26.—Up to the close of office hours yesterday Spain's reply on the Cuban question had not reached the president or state department. It was stated also in other quarters by those in a position to know what had occurred at Madrid, that the answer had not yet been delivered to Minister Woodford. It has been approved by the cabinet, however, and is to be communicated to Minister Woodford in the near future.

It is not doubted among officials that the basis of the Spanish reply to Mr. Woodford's note will be the charge that the United States has not observed the requirements of international law in the matter of preventing filibustering. In this case, the state department will have some pertinent facts to present, which its officials believe will completely alienate from Spain any sympathy that she may have attracted from other European nations on that score.

It is asserted positively that in no single case where the Spanish authorities have brought to the attention of our government the fact that an illegal ex-

pedition was about to start from our shores for Cuba, has it neglected to use all the means permitted by our laws to prevent the start. It has been so indulgent in this respect as to accept statements from the Spanish officials not accompanied by proofs of the facts alleged, but mere suggestions that they had reason to believe that an expedition was forming.

In cases our government has proceeded to lengths in restraint of American commerce on insufficient evidence furnished by the Spanish government that has resulted in the preference of large claims by American shipowners for illegal detention of their ships. Then the expense of maintaining the patrols along the Atlantic and gulf coasts has been very heavy. Every time the state department has been obliged to call upon a collector at a port the result has been a heavy bill of expenses, for tugs, special officers and other charges, while the attorney general's office and in fact most of the executive departments have been put to more or less trouble and expense.

The navy department especially has been embarrassed owing to the necessity for diverting vessels from other places for the disagreeable Florida patrol. One official roughly estimated the expense the United States has been put to to protect the Cuban coast for Spain at about \$2,000,000. This is probably a large estimate, but one naval officer who is thoroughly cognizant of the strain put upon the department by the patrol, stated that it would really be cheaper for the United States to send a fleet to Cuba and blockade the coast there against incoming filibusters, than to try to stop them on our own extensive coast line.

A MORGUE BURGLARIZED.

Five Dead Bodies Stolen by Chicago Thieves.

CHICAGO, Oct. 26.—Five dead bodies—four men and one woman—were stolen Sunday night from the morgue at Dunning. The corpses were removed by men who forced open the doors of the morgue. The bodies were those of paupers at the county asylum. The robbery, from all indications, had been carefully planned and done in a most deliberate way. The Yale lock on the door had been broken and the windows covered with strawboard to conceal those who were working inside.

The bodies were undoubtedly wanted for medical purposes, as of the 12 corpses in the morgue at the time only these were taken in which consumption had been the cause of death.

Whipped by Masked Men.

BLOOMINGTON, Ind., Oct. 26.—Word has been received of a White Capping episode, this time located in the southern part of the county. John Wright, who is over 70 years old is the victim, and the reason, as alleged, is that he could not support his family. The door of his home was broken down with fence rails, 20 masked men entered the house and the old man was dragged from his bed and severely whipped with switches. Men were seen riding through Bloomington on horseback last midnight.

Train Cook's Leg Broken.

FOWLER, Ind., Oct. 26.—George Follou, employed in the dining car of a Big Four train, met with an accident near Otterbein yesterday afternoon. While the train was running at almost full speed he descended the steps of the car to empty a vessel of refuse. His right leg swung from the steps and struck a projecting portion of a cattle pen, breaking the tibia bone. Follon was taken to his home at Cincinnati.

Electric Signals for Trains.

GREENCASTLE, Ind., Oct. 26.—James Merryweather, chief of the Greenastle fire department, has been allowed a patent on "couplings for electrical circuits on trains," a device on which he has been working for some time. The device is designed to avoid accidents and furnishes a method of communication between trainmen, heretofore unknown.

Lived 110 Years.

SACRAMENTO, Oct. 26.—Aunt Nancy Daniels, a colored woman, is dead here at the age of 110 years. She was a native of Virginia.

proved by the United States, and without this approval it would be contrary to the usage of diplomacy for the Madrid authorities to make public the correspondence.

STORM AND HIGH TIDE.

Great Destruction Done to Property Along the Jersey Coast.

CAPE MAY, N. J., Oct. 26.—One of the fiercest northeast gales of years has swept the lower Jersey coast and up Delaware bay for the past 24 hours. Many vessels have been stranded and there is an unconfirmed report that a ship has gone down off shore. A fleet is riding at anchor within the harbor, unable to proceed either way and the meadows are inundated that railroad travel to the coast resorts is practically suspended. The tide here is abating somewhat, but the wind is maintaining a velocity of 80 miles. Portions of the board walk have been swept away, as well as cottages porches and fences, and the damage is estimated at thousands of dollars.

From Millville comes the report that the big tides in the Maurice river have flooded all the oyster houses and several have been blown down. The Queen City, Sea Isle and Maurice River branches of the West Jersey railroad are submerged.

Nearly a mile of the Reading tracks have been washed away near Egg Harbor City, and the mail coach between that place and Tuckerton is held up by flood roads.

The schooner Elizabeth Lee, Philadelphia for Gloucester, drifted on the point of Cape Henlopen. She is in a bad position and may go to pieces at any moment because of her cargo of coal. The crew was taken aboard the tugs.

A number of dredges and barges are also ashore.

Much damage has been done in the vicinity of Lowes, Del. The schooners Little Falk, Sarah I. Vaughn, H. W. Laws and Annie I. Pouder went ashore on the beach last night. The crews were safely landed.

The schooner Emma L. Cottingham from Fall River for Philadelphia is ashore near Delaware City. She lies on a stone pile well up the beach.

ESCAPED FROM THE PENITENTIARY.

All England Looking For Rev. C. B. F. Howard.

LONDON, Oct. 26.—Posted in every police station in the United Kingdom is a photograph and description of C. B. Howard, the ex-preacher who escaped about six weeks ago from the Columbus (O.) penitentiary, where he was confined under a long sentence of the United States courts for swindling.

This unusual interest in the capture of an American criminal is the result of an appeal to Scotland Yard from W. P. Hazen, chief of the secret service division of the United States treasury department, based on the fact that Howard had been tracked to this country. Scotland Yard cordially responded to the request from the states and by this time thousands of detectives and policemen have memorized Howard's description. The criminal fugitive was born in this country and his father, a retired policeman, is now living in this city.

TWO DEATHS AT MEMPHIS.

Over Five Hundred People Have Left the City for Northern Points.

MEMPHIS, Oct. 26.—Three new cases of yellow fever were reported by the board of health last night, and two deaths occurred in the early morning from the disease. The dead are: Miss Edie Cohen and Marcia Cohen.

Three cases were reported from the Cohen residence Sunday night, but not until yesterday was it known that the patients there were so seriously ill. Jacob Cohen is in a critical condition and his death is hourly expected.

The new cases are D. E. Cox, E. D. Long and — Butler.

All these cases are traceable to the vicinity of the original case in the southern part of the city.

About 500 people left town last night for northern points.

FEVER IS SPREADING.

Greatest Number of Deaths Yet Reported.

QUARANTINE PROVES A FAILURE.

Eleven Deaths and Fifty-Seven New Cases in New Orleans Two Deaths in Memphis and the Inhabitants Are Coming North—Seven New Cases at Mobile—Reports From Other Infected Places.

NEW ORLEANS, Oct. 26.—The past 24 hours was the worst day yet of the fever situation. There were 11 deaths and 57 new cases reported. Heretofore the highest number of deaths in a single day were nine. Total cases of yellow fever to date, 1,211; total deaths from yellow fever to date, 138; total cases absolutely recovered, 622; total cases under treatment, 451.

Unfortunately there continues to be concealment of cases here, fatalities occur because medical attention is not called in, and the masses for the time being are in a revolutionary mood because of the enforcement of the system of house quarantine, and are resorting to every means in their power to put obstacles in the way of the constituted authorities. It is generally agreed here that the house quarantine is not accomplishing the results expected.

When the fever first broke out efficient guards were placed about buildings in the hope that the foci might be restricted, but today there is no quarter of the city that has not reported cases and the germs are being spread, as has heretofore been shown in these dispatches, by reason of the fact that inmates of infected houses have been successful by means of rear exits, in eluding the vigilance of the guards stationed in front of premises by the authorities. This was the record of new cases and deaths:

BACK FROM THE YUKON.

Steamer City of Seattle Reaches Victoria With a Hundred Passengers.

VICTORIA, B. C., Oct. 26.—The City of Seattle has arrived from the north with 100 passengers, including Cliff L. Moore and son and M. C. Woodring of Seattle, who poled up the Yukon river from Dawson and came out over the Dalton trail.

A week after leaving the Yukon river they encountered a deadly Alaskan blizzard. The trail was covered with snow until they lost their bearing. Their provisions ran out and after groping for three days during the blinding snowstorm they were finally rescued by Indians and taken to Dalton trading post, where they obtained the first real food they had had for nearly four days.

After resting for two days they resumed their march to Chilkoot pass and reached the end of their journey without further mishap. All of the men were very weak from their sufferings and it will be several days before they are restored to their accustomed health.

FROST AT MONTGOMERY.

MONTGOMERY, Ala., Oct. 26.—The board of health officially reports four cases of yellow fever. Previously reported, 56. There was one death—Mrs. J. F. Suggs. The new cases were: Holt Screws, J. C. McNulty, B. B. Cobb and Elias Davis, colored. The temperature was low last night and the frost was reported in the lowlands in the surrounding country.

Two Deaths at Bay St. Louis.

BAY ST. LOUIS, Miss., Oct. 26.—There were two deaths from yellow fever here yesterday. Brother Emilean and Sister Mary Francis. The new cases were Frank Johnson, Constant Platz, Miss Alice Fayard, Gaston Fayard, William Tibodeaux and Mrs. James Watts.

HOW THEY DO IN NICARAGUA.

An American Citizen Sentenced to the Penitentiary Without a Trial.

NICARAGUA, Nicaragua, Oct. 26.—John Augustine, an American citizen, was arrested at San Carlos, at the mouth of the San Juan river on Sept. 24 by order of President Zelaya's brother, without any pretense of a trial, and imprisoned in the penitentiary. Mr. Augustine was formerly United States consul at Bluefields, Mosquito territory, and is at present in charge of the Navigation company's steamer on the San Juan river. About Oct. 8 Mr. Augustine succeeded in sending word of his imprisonment to the United States consul at Managua, who, it is claimed, informed the prisoner that he could do nothing for him, citing, it is alleged, the instance of two tramps from the United States who had been arrested several months ago for cause, and who were shipped out of the country. However, about Oct. 5 the fact of Mr. Augustine's imprisonment became known to United States Minister Baker, who wrote to President Zelaya on the subject, with the result that the prisoner was allowed to leave the penitentiary on parole with orders not to leave the city of Managua.

The facts in the case seem to be that the government of Nicaragua, several days previous to the arrest of Mr. Augustine, had forcibly taken possession of the steamers of the navigation company and was running them to suit itself. On Sept. 28, Mr. Augustine was ordered by a government official to direct the movements of the boats, apparently for the purpose of getting the company to feed and pay the officers and men on board. This Mr. Augustine refused to do unless the boats were turned over to the company, and he received orders from the latter to comply with the government's demands.

Under these circumstances, Mr. Augustine requested the Nicaraguan military officer, commanding at Fort San Carlos, to telegraph to the company for instructions. But, instead, it is asserted, this officer telegraphed something to his superior officer, which caused an order for the arrest of Mr. Augustine to be issued "whether he is a citizen of the United States or not."

FOUR DAYS IN A BLIZZARD.

Close Call of a Party of Six From Death on the Dalton Trail.

SEATTLE, Wash., Oct. 26.—Only the merest chance and the lucky discovery of the half hidden trail by one of their number saved six members of a party, headed by P. L. and Julius Tripp, from a terrible death by starvation on the Dalton trail late in September.

The party consisted of the Tripp brothers, formerly of Chicago; Charles Wilkes of Whatcom, Charles C. Dugay, a miner from Juneau; John Fry of this city and W. Gillies of Woodman, a prospector, living at Fort Wrangell. They left Dawson City for the states in a small steamer Aug. 28 and after reaching Fort Selkirk prepared their outfit for the long and arduous journey over the Dalton trail.

A week after leaving the Yukon river they encountered a deadly Alaskan blizzard. The trail was covered with snow until they lost their bearing. Their provisions ran out and after groping for three days during the blinding snowstorm they were finally rescued by Indians and taken to Dalton trading post, where they obtained the first real food they had had for nearly four days.

After resting for two days they resumed their march to Chilkoot pass and reached the end of their journey without further mishap. All of the men were very weak from their sufferings and it will be several days before they are restored to their accustomed health.

Death on a Buttonhook.

MARIETTA, O., Oct. 26.—Milton, the 2-year-old son of Dr. John Bohl, of Watertown, fell on a long buttonhook Sunday morning, which penetrated the eye and brain. The father held the child's hands for five hours, awaiting surgical assistance to remove the hook, which was fastened in the parietal bone. The child is still living.

Peculiar Ailment.

MARION, O., Oct. 26.—H. E. Dudley of Corsica, Morrow county, is afflicted with a most peculiar ailment, which will eventually prove fatal. On March 17 last he consulted a physician, who found that his heart beat only 30 times a minute, 40 less than normal. Since then the rate has been decreasing, and at present it is only 17.

"FATAL indifference" is what the Ohio Republicans profess to be afraid of. They are finding Mark Hanna a very big load to carry.

A week from to-day the election will occur, and following that comes an exceedingly cold time for the bums who are now making life miserable for the candidates.

The Philadelphia Record, in commenting upon the Democratic victories at Indianapolis and Chattanooga, says: "There isn't chaff enough in the big wheat crop to blind the eyes of all the voters in the country."

The Courier-Journal sends out a plea for votes for Hindman, but is candid enough to admit he hasn't any show of election. A small showing for Hindman would be a more serious blow to the C. J. than to Hindman himself. That's why it is crying for votes.

The Chicago Chronicle insists that justice to the memory of a great man demands that a stop should be put to the jocular custom of dubbing the junior Senator from Ohio "Marcus Aurelius" Hanna. The Emperor Marcus Aurelius Antonius, though he lived 1,700 years ago, never smashed a labor union, never bought a delegate to a National convention, and never "fried the fat out of a manufacturer."

The revolt among the colored Republicans of Jessamine County and their nomination of a full ticket will cut quite a figure in the election in that county next week. The leaders of the revolt are Rev. J. W. Daugherty, a Baptist preacher, and W. C. O. Benjamin, a lawyer. All of the negroes nominated by this independent Republican organization are said to represent the best element of their race. Without the assistance of the negroes, the white Republicans of Jessamine stand no show of winning, and the same is true in almost every other county in the State.

AMONG those asking office at the hands of the people of this county at the present time no one is more thoroughly qualified for the position he seeks than Mr. Frank P. O'Donnell. We believe all who know Mr. O'Donnell will admit the truth of this statement. A man of the strictest integrity, his daily life has been such as to merit the fullest confidence and esteem of the public at all times. After graduating from one of the leading universities in Pennsylvania, he adopted the law as a profession, and was a student for some time in the office of the late Hon. W. H. Wadsworth. He has been member of the Mason County Bar since 1889. Mr. O'Donnell was the nominee for County Attorney in 1894, but like many other worthy Democrats that year he was defeated, the majority against him, however, being very small—less than forty. His entering the race again this year was in response to a strong popular demand and we believe the people of the county will rally to his support next Tuesday, and elect him by a rousing majority. He won the nomination fairly and honestly and is entitled to the support of every Democrat in the county.

Sunday's Rally the Best Attended For Some Time—Meetings of Various Committees—Fall and Winter Work.

The rally Sunday afternoon was the best attended for some time, nearly sixty men being present. The address by the Rev. S. D. Dutcher on "Loyalty to the Church" was exceptionally good and many were the expressions of help derived therefrom. These "loyalty" talks are proving attractive and helpful, and no man can afford to miss them. As Rev. B. K. Muse was unable to be present, Miss Katie Ross favored the audience with a violin solo, which proved very enjoyable.

The Ladies' Committee on Boys' Work and also the members of the Social Committee are kindly requested by the respective Chairmen to attend a meeting in the association parlor on Wednesday afternoon at 3 o'clock, when plans for the opening reception (this week, Friday evening), will be completed, and an opening social for the boys will also be arranged for. At the same hour and day, the Soliciting Committee will meet to compare notes and arrange for the completion of the canvas for "ladies' fund."

The members of the Religious Work Committee will discuss two or three important matters at their regular monthly meeting this (Tuesday) evening at 7:30 o'clock.

Plan to attend the opening reception on Friday evening. A fine musical program and other features will be provided. Members and other young men of the city cordially invited.

The Board of Directors will hold a meeting on Saturday evening to transact some important business.

Full announcement of the fall and winter campaign will be made in these columns some time during this or next week. The association officers will also be pleased to give you at any time information concerning the privileges and work of the association.

ON EASY STREET,

This Old Riverman Who Was Once Interested in the Maysville and Cincinnati Trade.

[Enquirer, October 25th.]

Captain H. C. Hieatt, of San Francisco, a native of Boone County, Kentucky, and who lived for years in Covington, and ran boats to Maysville, is at the Gibson with his wife to see old Cincinnati friends. Captain Hieatt went from Covington to St. Louis and engaged in the banking business, thence to San Francisco, where he has retired on "easy street."

"California would have gone handily for Bryan and free silver last fall," said the Captain, "but for the little flurry of 6 or 8 cents a bushel in wheat just before the election, which caused several thousand wheat growers to change over, and the rest of us Democrats to hang our heads in shame at such foolishness. Free silver has gained ground in California, and will be in line beyond doubt by the next election. Mr. Bryan has lost none of his popularity and power among the masses. I was talking with Mr. John D. McLean, of San Francisco, a native of Todd County, Kentucky, who has made \$1,000,000 out of gold mines and not a dollar out of silver mines. He told me that he favored the free coinage of silver because he believed in it from an unselfish standpoint, and that it would be of benefit to all the American people. This is true. We must have a freer and more plentiful circulating medium, so everybody can get some of it, and not such a scarce, dear one that people are forced to beg for it. At first I was against the annexation of Hawaii, with its alien population, but it is such a splendid naval key to the Pacific Ocean that I now believe it would be best for us to have it. However, our people on the coast are much divided on the subject."

Mrs. Hanna's Surprise.

Bristol, Tenn., Courier: "Mrs. C. W. Hanna, who spent the summer with relatives in Mason County, Kentucky, returned home yesterday afternoon, having joined her husband at Knoxville. Mrs. Hanna was given a rather romantic reception by her friends and neighbors last night. During her stay in Kentucky she was not apprised of the fact that her husband had built a handsome residence in which she was to be received on her return. The new home was handsomely arranged last evening when Mr. and Mrs. Hanna arrived, and a dainty supper, prepared by the neighbors, was in waiting for them."

SPECIAL REGISTRATION.

Over One Hundred Additional Voters Enrolled—Very Few Giving Party
Affiliation—Last Day
To-morrow.

The supplemental registration brought out an unusually large number of voters yesterday.

Up to 9 o'clock this morning 103 had called at the County Clerk's office and had their names enrolled as legal voters.

In most of the cases, "absence from the city" was given as the reason for not registering on the regular registration day, October 5th.

Very few are giving their party affiliation, only ten of the 103 having expressed their party preference,—five Democrats and five Republicans.

Of the 103 registered up to 9 o'clock the number in each ward is as follows:

First ward	21
Second ward	23
Third ward	13
Fourth ward	13
Fifth ward	19
Sixth ward	12

The total registration on October 5th was 1,518. The total up to 9 o'clock this morning was 1,621. The grand total last year was 1,627.

The supplemental registration continues to-day and to-morrow, closing to-morrow evening.

KILLING AT ROME, OHIO.

W. T. McCormick, a Merchant, Shot Through the Heart Sunday By His Clerk, a Man Named Metz.

The little village of Rome, a mile or so above Concord, on the Ohio side of the river, was the scene of a bloody tragedy Sunday.

W. T. McCormick, proprietor of a general store, and also a large farmer and tobacco grower, was shot through the heart by a man named Metz and almost instantly killed.

Metz had been in McCormick's employ for years as clerk in the store, and the shooting grew out of a dispute over the accounts of the house. The lie was passed and Metz whipped out a pistol and fired the fatal shot.

Mccormick was fifty-five years old and was a member of the Knights of Pythias.

WANTED—Twenty head of horses, four or five years old. Being thin makes no difference, if sound and large.

OUTLOOK BRIGHT

For Old Kentucky to Again Take Her Place in the Democratic Column.

State Chairman Johnson Urges All Democrats to Do Their Duty Next Tuesday.

LEXINGTON, Ky., October 24.—Chairman P. P. Johnson to-night issued the following proclamation:

LEXINGTON, Ky., October 21st. To the Democratic Voters of Kentucky: It is my duty to tell you that the outlook for Democratic victory all along the line is good, and that if each one of you will do your duty, as I know you will, our grand old State will again take its place in the Democratic column, where it belongs.

The contest is between Democracy and Republicanism, and is of such magnitude that it will control Congressional elections next year, and may determine the Presidential election in 1900. All men who oppose the rule of the Republican party fight with us, and those who favor Republican rule oppose us.

A few spolioms and enemies of our party, calling themselves Democrats, who expect personal advantage from the deception, keep our State ticket in the background, and would have you join in the betrayal of it. The open enemy challenges respect by his boldness, but those who fight for him, while pretending to be friendly, are to be watched but not to be trusted or respected. Any man who seeks local success at the expense of our State candidate is the enemy of the Democratic party, State and National, and forfeits all claim to Democratic confidence or support.

The acceptance of a Democratic nomination is a pledge of loyalty to the party and to its nominees. A candidate who does not so consider it has no claims on Democratic votes.

The interests of our party demand that you should not make any alliance that does not strengthen our State ticket, or recognize the claims of any candidate to your support who does not work for Shackleford and avow his purpose to vote for him. Between candidates who do not support our nominee for Clerk of the Court of Appeals Democrats are free to choose whether such candidates claim to be Democrats or belong to the Republican party or its helpers. Splendid work is being done throughout the State, especially by the local organizations, which keep in mind the importance of both State and local success. In places where corrupt men are willing to abandon principle for plunder, the rank and file are on guard and will see that the betrayal is not consummated.

Let each man do his duty and we will take the place at the head of the column that will redeem Congress and elect the next President.

P. P. JOHNSON,
Chairman State Central and Executive Committee.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1.00 per bottle at J. J. Wood's drug store.

Vincent Perkins' Lark.

The Chicago Times-Herald, in reporting the convention that nominated Vincent H. Perkins for a Congressional vacancy in Chicago, publishes this sketch of Mr. Perkins: "Vincent H. Perkins, the nominee, was born in old Kentucky, at Toluca, September 25, 1856. He was admitted to the bar in 1878 and has followed the profession of the law ever since. He was Deputy Internal Revenue Collector of the Seventh district of Kentucky for two terms under General Robinson and Major Shelby, and resigned his position in 1894 to come to Chicago. Mr. Perkins was elected North Town Supervisor last spring by a large plurality. He is possessed of personal magnetism, and his political luck has been a subject of comment among politicians. He resides at 194 Cass street, and is married. The nominee has supreme faith in Democratic principles, and declares he will be elected in the coming contest."

Democrats Stand Together.

RICHMOND, Ky., Oct. 25.—The two wings of the Democratic party, following the example of the Louisville Democrats, present an unbroken front to the enemy this fall. The party was never welded together tighter, and will put up the best race of its existence. The canvass is being conducted on local issues. The Democrats say they will win in each race by handsome majorities.

The Late Miss Fannie Bronaugh.

Miss Fannie Bronaugh, who died at Hopkinsville Friday, was the daughter of the late Mr. David Bronaugh, of Washington, this county, where deceased passed the earlier years of her life. She had made her home with relatives at Hopkinsville for many years. She had relatives also living in Missouri and Texas.

The entertainment at the court house last night by Polk Miller, Oscar Sisson and Ester Wallace delighted all who were unfortunate enough to be present, and was a social, financial and artistic success. The house was crowded.

The handsome new South Methodist Church at Paris will be dedicated next Sunday by the Rev. G. C. Kelley, D. D., of Birmingham, Ala.; the Rev. J. C. Morris, D. D., of Nashville, Tenn.; the Rev. E. G. B. Mann and other leading ministers of the State. The structure is of stone from the quarry in Rockcastle County, is modern in all of its appointments, and is considered among the most beautiful of churches in Central Kentucky. The house will seat a thousand persons, but will still be inadequate for the great crowd that is expected to be in attendance. Among the ministers expected are: Rev. John Reeves, Presiding Elder of the Lexington district; Rev. E. H. Pearce, D. D., President of the Kentucky Wesleyan College at Winchester; Rev. W. F. Taylor and Rev. T. W. Watts.

As a tribute to Major J. W. Thomas, President of the Tennessee Centennial Exposition, his colleagues in the management, the citizens of Nashville and of the State of Tennessee, have selected Thursday, the 25th of October, to be observed as "John W. Thomas Day." To make the occasion as attractive and memorable as possible arrangements are being made for a great industrial parade in Nashville, in addition to the many interesting features which will be presented at the exposition. In order to contribute to the success of the day by encouraging many visitors, the Louisville and Nashville Railroad Company will put into effect, October 27th and for trains due at Nashville the morning of the 28th, the same low excursion rates, including admission to the exposition and transportation between Union Depot and grounds, which have been made for other special days. Those of our readers who are not familiar with the rates can obtain information from ticket agents of the railroad company.

FARMHOUSE ROBBED.

Inmates Bound by Two Masked Men Who Take Their Time to Work.

INDIANAPOLIS, Oct. 26.—Two masked men broke in the door of the home of Samuel and John Hicks at Monrovia, Ind., Sunday night at 9 o'clock and bound the family hand and foot in bed. The robbers then searched the house and secured \$112. In tying the hands of Elsie, Samuel Hicks' little daughter, one of the robbers said: "What a pretty little girl you are." After the robbers had secured the money they ate a lunch of pie and milk which they found, calling another masked man in the yard to join them. They handed him out of the door to a fourth man.

After bidding the little girl goodbye they told Mrs. Samuel Hicks to let the men in the house, as they intended to do more work in the neighborhood. Mrs. Hicks therefore refused to untie the men's hands for a time, fearing they would go out after the robbers and come to harm. The robbers worked in a systematic way as if they had had long and steady experience in their line.

SHOT AT HIS DAUGHTER.

A Refusal to Quit Singing Rebuked With a Shotgun.

RUSHVILLE, Ind., Oct. 26.—Joseph Litteral, 45 years old, was bound over to court under \$500, charged with shooting at his daughter Blanche with intent to murder her.

The father was in bed yesterday, sleeping off the effects of dissipation. Blanche was singing while employed in household cares, which annoyed her father, and he bade her desist. She failing to immediately comply he jumped from his bed and grabbed a shotgun, firing at the girl's head. The shot missed its mark and tore a panel from the kitchen door. Litteral was disarmed while reloading his gun.

Fifty Dollars for Prayers.

ANDERSON, Ind., Oct. 26.—Michael Kaufman, a wealthy retired Hebrew of Springfield, O., who died in this city three weeks ago, showed his eccentricities in his will, which has just been probated. The first provision was that he bequeathed \$50 to the Home of Infirm Jewish People at Cleveland, O., with the provision that they pray for him every morning for one year and also pray on the anniversary of his wife's death. If accepted the cash will be sent. The rest of his large estate was equally divided among his four children.

Shooting Aftay.

COVINGTON, Ind., Oct. 26.—Edward Ward, while drinking to excess, created a scene in O'Brien's restaurant, from which he was ejected several times, only to return and renew the disturbance. A clerk named Brown finally used his revolver, shooting Ward in the breast, near the heart, causing a wound which may terminate fatally. Brown has been placed under \$500 bonds, pending a disposition of the case.

Poverty Led to Their Destruction.

PARIS, Oct. 26.—A tilemaker named Guillot, his wife and four children, have committed suicide by the use of charcoal fumes at Choisy-le-Roy. Poverty was the cause of their self-destruction.

Healthy, happy children make better men and women of us all. A little care and a little plucking before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of women is utterly inexhaustable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes child-birth easy and almost painless and insures the well-being of both mother and child. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.
